germ-life

The doctors tell us, now-a-days, that disease germs are everywhere; in the air, in the water, in our food, eightes, money; that they get into our bodies, live there, thrive and grow, if they lind anything to thrive on. Consumption is the destruction of lung-tissue by germs where the lung is too weak to conquer them. The reneced the lung is too weak to conquer them. Scott's Emulsion, with hypophosphites, means the adjustment of lung strength to overcome germ-life. It is fighting the germ with the odds in our favor. These tiny little dropp of the dodds in our favor. These tiny little dropp of the doctors are the system could be reinvigerate it. When the strength of the system could be reinvigerate it. When the strength of the shortest way to health is the patient one. The gain is often slow.
